

## Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper which automatically starts to dump as bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper returns to an upright and locked position. This particular piece of machinery even comes along with a cable that enables operation from the seat of the forklift in order to have the alternative of manually unloading the hopper. There is a locking chain provided to be able to secure the hopper to the tine truck. This particular product is constructed with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
