Advance-Nilfisk Parts - Imagine how tedious it will really be to clean up your own home right after throwing a large party, with no assistance from cleaning machines. In the past, when upholstery and carpets had the dirt beat out of them by hand; cleaning cloths, brushes and brooms were the leading cleaning supplies during that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After establishing his business in the year 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's vision from the beginning was to own a worldwide business selling goods globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by a single person. This invention came in a time where various cleaning machines were very big and required at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the way we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an existing dilemma; things get dirty and need to be cleaned regularly, without too much effort.

Slowly but steadily, Nilfisk-Advance expanded through the years. During the 1980s, this expansion really occurred the time the company became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap ahead within the trade, aspiring to be amongst the largest universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently represented in every part of the world due to steadily acquiring lots of smaller companies so as to expand their product range and presence in new markets. They are proud to provide different cleaning solutions to fit every need.
