

TCM Forklift Parts

TCM Forklift Parts - In the international trade of material handling, forklifts play a major role for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Over the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
